MARION
Police Department

SOUTH SEFFNER HOMICIDE

On January 18, 2021 around 10:41 p.m., officers from the Marion Police Department responded to the 120 block of South Seffner Avenue for a reported shooting call. Upon their arrival, they found 43-year-old Ricco D. McGhee who had been shot and seriously injured. McGhee was transported to Marion General Hospital where he died from his injury.

The Marion Police Department, with the assistance of the Marion County Sheriff's Office and the Marion County Prosecutor's Office, worked the homicide and developed 17-year-old Ziair Green as the suspect. A warrant issued for him for aggravated murder and he turned himself in on January 21, 2021.

"We thank all of the citizens who have come forward with information on this case and we encourage anyone with additional information to call the Marion Police Department. The City of Marion has zero tolerance for gun violence and the continued cooperation of the public will help us ensure that those responsible for these kinds of serious crimes are held accountable" said Marion Police Chief Jay McDonald. "I encourage Mr. Green to turn himself in and do the right thing" said McDonald .

Ziair E. Green

- 5'5 120 lbs
- Black Hair / Brown Eyes
- 17 years old
- Warrant issued for Aggravated murder
- Call 911 if you know his whereabouts

BUILD A POLICE SNOWMAN CONTEST

January brought a lot of snow to Marion. With all that snow, Chief McDonald posted a contest on Facebook encouraging members of the community to build a police snowman and send in the pictures. The post reached nearly 14,000 people and engaged over 6,000 people. All in all, over 200 comments and pictures were shared and the top two winners were announced.

Thank you to Tiffany Watkins and Gretchen Jolliff for sharing your photos!

JUVENILE MPACT OFFICER REPORT

January's schedule was quite busy. At the start of the month I officially began my full duties as the Juvenile Liaison officer and JV MPACT Coordinator.

- January 10th —I was introduced to the JDAI group to go over the part I will be playing with Juvenile Court.
- January 12th —I participated in a mentor's meeting to collaborate with different mentoring groups around the city and discuss the hardships faced by COVID.
- January 21st —was the first day for the new TAPS program. There were 9 kids that participated on the first day. They met their mentors and introduced themselves. The group was very interested in the topic at hand and there was good discussion guided by the mentees.
- January 28th —was the start of week 2 for TAPS. The group created a vision board with their mentors to get an idea of what they wanted to accomplish in 5 years all the way to 20 years. Lt Gruber guided this session with a conflict resolution presentation.
- There were two incidences that occurred that was brought to my attention while at Grant-Withrow:
 - 2021-00321- Student stated there was a video circulating on social media of a possible sex offense involving his sister. This is an ongoing investigation.
 - 2021-00381– Marijuana joint was located in the hallway, no suspect.

HARDING HIGH SCHOOL REPORT

The month of January was short in the schools. Students did not return until the 19th from winter break. As they came in the doors that week back most of them expressed how happy they were to be back at school.

During the month I was asked to do several home contacts and visits for students with attendance issues and/or in academic failure. In talking to these families, I heard many reasons as to why. Some just do not get the importance of education; others have no idea of the status of their student's grades or attendance. I found this to be interesting and actually enjoyed in talking with these families and listening to their concerns and issues with the current conditions and being able to help them. I was able to offer some direction and give them information on other community services available to them during the current conditions.

January was also the start of the TAPS Program. The SRO's and other members of the dept are part of a mentoring program with a group of young teen males at Grant Withrow. The program seems to be well received by the students.

There were no criminal filings this month.

GRANT MIDDLE SCHOOL REPORT

January 1st – 18th we worked a few days a week for the school system and a few days on the street doing regular patrol.

January 19, 2021. First day back to school. It appeared both teachers and students were glad to be back in the school building.

We received documentation from Franklin County CSB reference two students they'd taken custody of, however these documents had only one child's name listed, no parents name nor anything showing who the kids were taken from and no information on who the kids were placed with or where, not even the address they were placed at. The second child wasn't listed anywhere in the forms either. Contact with Franklin Co helped clear this up as they were able to locate and send complete(d) forms to the MCS school.

Two siblings/brothers in ED class got into an argument which escalated to a fight. The instructor in the class was knocked over while trying to keep the two apart. The instructor wanted nothing done, she even made the request that both subjects be returned to class. School admin advised no L.E. assistance was needed. Discipline was handled by the school.

Charges sent to the Prosecutor:

Cases: None

Respectively,
Robb Reed
School Resource Officer

Ofc. Robb Reed

SCHOOL RESOURCE OFFICER REPORT

Attendance continues to be an issue and the staff at the schools is sometimes unable to make contact with the students or parents even after multiple phone calls and visits to their houses. During the month, I completed around 15 home visits and was able to assist with getting a few of the situations resolved.

The TAPS program has started this month which is being lead by Officer Smith. Myself and several Officers from MPD are paired with an at-risk youth to mentor through this program. I have enjoyed being a part of this program very much so far and look forward to the sessions ahead.

I have been providing extra patrol to the area of George Washington Elementary before school and after school due to complaints about traffic-related issues from neighbors in the area. No violations have been observed so far.

No criminal charges were filed during the month. I assisted the Grant-Withrow staff with one incident where a student was in possession of drug paraphernalia. I took control of the items and documented the incident with a report. 2021-00385. The school is handling the discipline and I'm working with the staff to make sure these types of things don't keep happening in the future.

SCHOOL RESOURCE OFFICER REPORT

School started back on January 19th from Winter break. January was a short month for students and staff.

I worked with my ESP's and went on numerous home visits to check on students to see why they aren't logging in to do their schoolwork. I worked in the patrol division as a patrolman on the days I didn't assist the ESP's.

Participating in TAPS program. I mentor a seventh grader male student. He is a bright young male and likes to ask a lot of questions which makes us learn more about each other.

On Monday's and Thursday's, I participate in PAX at Hayes Elementary School. I sometimes read to the students. Teacher, ESP, and I then ask the students questions and answer any questions they have about the daily topic. The students enjoy the time I spend with them.

I've been able to make it to each one of my four schools daily. After school lets out, I pick a neighborhood and drive around making sure the students get home safely.

MCS staff handled all disciplinary issues. I was not involved in any of the disciplinary issues. No charges were filed with Juvenile Prosecutor.

Analysis of Overall Activity by Hour

SPECIAL RESPONSE TEAM REPORT

Monthly training for January was held on January 27th. The SRT Team met at the police department and performed the yearly inventory audit of equipment. The team then went to the Waldo Sportsman’s Club and performed firearms drills.

The Marion SRT had one activation for the month of January. On January 24, 2021 Marion Police Department patrol units responded to 208 Lincoln Avenue for the report of a shooting. It was determined a shooting had taken place involving this location. Due to the severity of the incident and patrol not being able to make contact with anyone inside of 208 Lincoln Avenue the Marion SRT Team responded to the location.

During the course of the activation less lethal chemical munitions were deployed into the home. The Marion County Counter Assault Team also assisted at the scene with the deployment of a robot and a pole camera into the residence to search for suspects. Once entry was made multiple individuals were located inside the residence.

The next team training is scheduled for February 25th. The training will be a combined training with the Marion Special Response Team and the Marion County Counter Assault Team.

COMMUNITY IMPROVEMENT REPORT

This month we began researching possible funds available to conduct two scrap tire drop off days for city residents. I was able to contact Ohio EPA and they advised they're possible grant monies that would cover the disposal/recycling of the scrap tires collected in our city. Sindy Thrapp will be following up on that and we hope to have the first drop off in the spring.

This month I was able to collect 375 scrap tires in the city right of ways. Most of the tires were collected in the area of Waterloo St to Oliver Ave and W Center St to Latourette Park. Several were also collected from the 600-1000 block of N State St in rear alley way. I will be targeting an area weekly to get all scrap tires removed from city right of way.

I had been getting several complaints about suspicious activity in a city alley that runs along the west end of Fairview apartments. This alley is not supposed to be used, but several subjects are parking there and using the alley. I met with the Fire Inspector and we came up with a plan to block the alley off. The city garage was in fact able to block the alley off. The apartment complex manager was very excited about this, along with neighbors in the area.

Ofc. Casey Thomas

Several of the meetings planned have been cancelled until next month.

I also began targeting areas with several traffic complaints. I worked the areas of Fairwood Ave and George Washington Elementary School.

This month I had 92 calls for service and removed 54 vehicles or got them back into compliance.

I encourage everyone to contact me with any questions, concerns or complaints.
