Major Adkins explained that they have applied for a grant to cover this analyst position. It will help put more officers back on the street. Technology is a drain on their staff. Officers spend a lot of time going through thousands of documents to extract information from social media. This person will analyze the data and put it into a readable format for officers. They have someone part time at MARMET doing this task. Grant proposal is 100% for salary for three years. The position is needed whether a grant is awarded or not. It is not funded in the current budget. This will not be a certified officer.
